## **SPECIFICATION AMENDMENT**

Please remove and replace the first paragraph appearing on page 1 of the specification with the following:

### **CROSS-REFERENCE TO RELATED APPLICATIONS**

The present application claims the benefit of U.S. Provisional Patent Application No. 60/252,536 filed 22 November 2000, the disclosure of which is entirely incorporated by reference herein, and which is a continuation-in-part of International Patent Application No. PCT/US00/14840 filed 26 May 2000 and published in the English language 7 December 2000, the disclosure of which is entirely incorporated by reference herein, and which is a continuation-in-part of United States Patent Application No. 09/321,369 filed 27 May 1999, the disclosure of which is entirely incorporated by reference herein.

## **CLAIM AMENDMENTS**

Please add claims 18-20 as follows:

18. (New) The intramedullary nail of claim 1, wherein said one of said fastener receiving areas included in said distal end section has at least two holes extending transverse to the longitudinal axis, said at least two holes being operable to each receive a fastener that cross one another.

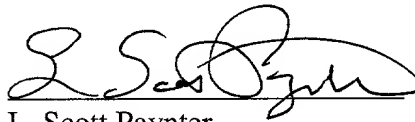

19. (New) The method of claim 10, which further includes providing another hole extending transverse to the longitudinal axis of the elongate member in addition to the at least one hole for each of the fastener receiving areas.

20. (New) The method of claim 10, wherein one of the fastener receiving areas has at least two holes extending traverse to the longitudinal axis of the elongate member.

**REMARKS**

The present application is a continuation-in-part of International Patent Application No. PCT/US00/14840 filed 26 May 2000, and claims the benefit of U.S. Provisional Patent Application No. 60/252,536 filed 22 November 2000. Claims 18-20 have been added to further define the present invention. Reconsideration of the present application as amended is respectfully requested. The Examiner is encouraged to contact the undersigned by telephone to resolve any outstanding matters concerning the present application.

Respectfully submitted:
